## **KEITH W. BROWNELL**

### **1947-1990**

This year's town report is dedicated to the memory of Keith W. Brownell whose death on August 2, 1990 shocked and saddened the entire community.

Keith's service to the Town of Ossipee began in 1978 with the Highway Department. Keith was a loyal and dedicated worker. It seemed as no problem was too difficult for him to handle. If something broke, Keith could find a way to fix it. By his dedication and through ingenuity much of the equipment gave many more years of use than thought possible. His presence will be missed!

Keith will be remembered for his loving tender care of animals and especially his oxen. 4-H and the Association of New England Ox Teamsters have lost a leader.

This community will remember Keith for his leadership, dedication, energy and wit, and boundless love. Mostly, Keith will be remembered for these same traits by his family. Keith was a husband and father that took great pride in the quality of his daily family life. Though Keith worked hard, his family was most important to him. Barbara, Karole and Bryan will always remember Keith and so will this community. Keith's loss to us all, would be best remembered by standing tall and facing the daily challenges of life. In memory of Keith, give that measure for which all people can be respected.

Solid Waste Disposal: \$103,174.00

Solid Waste Disposal - A motion to amend the budget to increase it by \$11,320.00 was made and passed.

Discussion about the increase was brought up and it was stated that the increase was to pay for the installation of the scales which were not paid for last year. Also the cost in fuel oil to run the incinerator increased and the cost for metal removal increased. John Laganas questioned why we still have to separate trash. He was told that all he had to separate was the glass. Marilyn Tillinghast asked about recycling and stated other towns were making money with recycling. Merrill Sandler brought up the fact that Rickers in Tamworth would pay 5¢ per pound for cans.

Vote was taken - increase was passed.

A motion was made by Charles Pearson to increase this budget by \$17,000. \$12,000 to be used for an assistant Rec Director and \$5,000. to be used to buy a truck for the Rec Department. Many people spoke in favor of the increase and they wanted to decrease the Town Maintenance budget to make room for the increase to this budget. Johanna Light stated she would volunteer 20 hours a month, John Picard stated he would donate his chipper so the Town wouldn't have to purchase

one. Dr. Johnson stated 800 kids in Ossipee take advantage of the Rec Department in one fashion or another. Questions about part timers; were their salaries increased? What jobs are they responsible for. Do they really need Ass't Director? Curly Nudd spoke on the Rec Department's behalf stating that his part time help do the labor work on the rinks and mow lawns. **Article 12:** To see if the Town will vote to raise and appropriate the sum of \$3,132.00 (Three thousand one hundred thirty-two dollars) to

be used for additional negotiated adjustments to pay fringe benefits. (Submitted by the Selectmen) (Not recommended by the Budget Committee.)

Article was moved and seconded. Tom Rankin explained that the Town is in negotiations with the union and this money is for that. Vote was taken and article was defeated.

**Article 13:** To see if the Town will vote to authorize the Selectmen to borrow a sum of money necessary to pay expenses in anticipation of Taxes, Federal Grants, and Bond Anticipation Notes. Submitted by the Selectmen. (Recommended by the Budget Committee.)

**Article 13: PASSED AS READ**

**Article 14:** To respectfully request that the town vote to raise and appropriate the sum of \$911 in support of Carroll County against domestic violence and rape. Article moved and seconded.

Brad Loomis explained what this was about. Dan Murray asked why the Budget Committee recommended this year when previous years they did not recommended this article. Barry Rollins explained that every year they don't recommend this and the town votes it in on the floor, so this year they decided to go with it.

**Article 14**  
**PASSED AS READ**

**Article 15:** To see if the Town of Ossipee will vote to accept the Class 6-A Roads of Blueberry Estates (seven (7) years in use) and to provide the maintenance and upkeep of these roads (1.3 miles) thereon: It is to be noted that owners of the property therein (39) pay a full and complete share of property taxes and therefore money for upkeep is already in the Town Budget. This article submitted by petition. (Not recommended by the Budget Committee.)

Doug Meader made a motion to pass over because he stated it was worded incorrectly. Seconded. An argument broke out over this motion so a hand count was taken Yes Votes 69; No votes 76. The Town voted not to pass over this article.

Atty Stanley Mullaney spoke on behalf of this article, then a vote was taken.

**Article 15:**  
**Defeated.**

**Article 16:** To see if the Town will vote to raise and appropriate the sum of twenty five thousand dollars (\$25,000.00) for the purchase of the YMCA Ballfield in Ossipee Corner. (Submitted by the Selectmen) (Recommended by the Budget Committee)

Article was moved and seconded and discussion was brought up by Denise Cogswell asking why we should vote in another ballfield? Mort Stern spoke on behalf of the Rotarians who are selling this field and he told us where the money would be going - (Scholarships) It was also stated that the Town could not make another ballfield for less than what they are paying for the YMCA field. Vote was taken.

**ARTICLE 2:** "Do you favor the continuation of the Town Manager plan as now in force in this Town?" (Submitted by Petition)

**ARTICLE 3:** Zoning (Submitted by the Planning Board)

Are you in favor of the adoption of amendment #1-91 as proposed by the Planning Board for the Ossipee Zoning Ordinance as follows:

To amend the existing Ossipee Zoning Ordinance by amending Article XXXIII. Definitions: by adding the definition **"PRESITE BUILT HOUSING:** Any structure designed primarily for residential occupancy which is wholly or in substantial part made, fabricated, formed or assembled in off-site manufacturing facilities in conformance with the United States Department of Housing and Urban Development minimum property standards and local building codes, for installation, or assembly and installation, on the building site. For the purpose of this ordinance, pre-site built housing shall not include manufactured housing, as defined in RSA 674:31."

And to amend the definition of **"DWELLING SINGLE FAMILY"** and Article XXXV Description of Permitted Uses, 35.1(a) to read as follows: "A detached residential building other than a manufactured home, designed for and occupied by one family only. Presite built homes which are constructed on a conventional foundation are considered to be sin-

gle family dwellings, as distinct from "manufactured housing."

**INTENT:** To clarify the difference between Presite Built Housing and Manufactured Homes in this ordinance as defined by State Statute, and to have conformity in the wording of the Definitions and Descriptions of Permitted Uses Articles reflecting this additional definition paragraph.

**ARTICLE 4: Zoning** (Submitted by the Planning Board)  
Are you in favor of the adoption of amendment #2-91 as proposed by the Planning Board for the Ossipee Zoning Ordinance as follows:

To amend the existing Ossipee Zoning Ordinance by deleting the current standards of Article 4.10 "FLOOD AREAS" and inserting revised Article 4.10 "FLOODPLAIN DEVELOPMENT ORDINANCE" together with the associated flood insurance rate maps, and flood boundary and floodway maps dated June 17, 1991, which are to be a part of this ordinance and incorporated by reference.

Topical description: This amendment will establish a floodplain overlay district in conformance with the minimum standards of the national Flood Insurance Program. It includes specific definitions, permitting procedures, and standards to be used for construction and development to insure floodproofing in the zones delineated by the flood insurance rate maps.

Purpose: To allow property owners to secure flood insurance, to provide standards for eligibility for disaster relief, and to allow property owners the ability to obtain federally-insured loans, which require these minimum standards.

Submitted and approved by the Ossipee Planning Board.

## REPORT OF THE LIBRARIAN 1990

It happened! Ossipee Public Library is now occupying the new addition that flows with light, air, space and books. Ossipee residents, summer visitors, pre-school children (with moms) and school children are all making good use of our added space and facilities.

The two rooms which formerly housed the whole library are also put to good use. One of the rooms is now a reference room containing encyclopedias, dictionaries, National Geographics and other magazines for reference. The former fiction room is now a pleasant reading room providing magazines, paperbacks and large print books.

A very popular library program is the pre-school story hour which Jennifer Clough has been in charge of. Each Tuesday at 10:30 a.m., an average of 12 children gather in the expanded children's area where they listen to stories and then make a small craft to take home. The children are ages 3-4, with additional brothers, sisters and moms. Many thanks go to volunteers Jennifer Clough, Ginny Bradley, Dorie Johnson, Sherry Loomis and Ann Baldwin for conducting the pre-school programs. Getting children into the habit of coming to the library regularly for storytime is a great way to begin a lifelong reading habit.

A great many things happen in the summertime at Ossipee Public Library. In the pre-school children's group, the storytime programs continue with approximately 80 children attending last summer. Any child is welcome to come to these storytimes, summer or winter. Also, the library offers a Summer Reading Program for children who can read by themselves. Last summer 38 children read a total of 330 books during the 8 weeks of the program. Lesley Jorgenson painted a sky with all the planets in it, and the children read a book, earned a sticker and "Blast-Off" for their particular planet. If a child read three or more books for this program, he received a paperback book for a prize.

It would take a thousand page book to tell everything about the ways that the new library addition helps the librarian and staff take care of library business. Each part of the addition contributes to improving library services, answering questions for information, getting needed books for users from other libraries, and in general, just being more efficient. The meeting room is also very important to the area residents. Besides providing programs about Chocorua, women who did what had to be done, Civil War and poetry, the meeting room is a useful place for holding meetings for civic groups and craft classes.

It is impossible to thank everyone who helped financially or physically in the building of the Ossipee Public Library addition, but you are thanked every day for whatever part you played in it. Also, the staff and volunteers, Betty Kennard, Gene Leland, Jennifer Clough, Isabel Clarke and Eleanor Bassett are thanked every day by the librarian for their part in keeping the library running smoothly. The Expansion Build-

ing Committee is thanked for their untiring efforts to bring about the addition.

The final thanks from the librarian and the whole area are for the three library trustees, Ruth Loring, Cathy Ziegler and Eileen Leavitt who put in long hours of planning, supervising and worrying in order to bring about a sturdy, beautiful and efficient library addition which will serve Osipee for several decades with dignity, beauty and usefulness.

Respectfully submitted,  
RUBY PEARSON, Librarian

## ANNUAL REPORT OF THE OSSIPEE PUBLIC LIBRARY TRUSTEES

1990 was indeed a banner year for the Ossipee Public Library. Construction work continued until the library addition opened to the public on April 24. The addition, which increased our space by 3600 square feet, includes a meeting room, a greatly enlarged children's area, new furniture and seating for 18, and a media room which houses our new Apple computer.

Behind the scenes work in preparation for the April opening involved the volunteerism of many people, muscles and hours. Volunteers packed books into cartons, transferred those heavy cartons, assembled new shelving, renovated existing shelving for magazine display. Trustees loaded books shelf by shelf into little red wagons and then restacked books onto new shelving. The first person to illustrate the value of the handicapped accessibility was our own librarian, Ruby Pearson, who despite broken bones came back to the library to oversee the transition.

The work of local artists enhanced white walls as the trustees hosted the dedication of the new addition in June. State library and local officials filled the new meeting room to overflowing as they heard the trustees praise the work done by Glen Builders, Inc. and Ingram/Wallace Architects in the design and completion of the new addition. The trustees dedicated the addition to the townspeople of Ossipee, who by their support and vote made this new space a reality.

Ossipee Public Library is busy with people. Children now use the facility after school. Preschool story hours and programs attract dozens of enthusiastic participants. Programs for adults continue to be appreciated: the Legend of Chocorua as presented by Dartmouth Professor Robert McGrath; a women's oral history, "It Had To Be Done So I Did It"; the Amidons' portrayal of Civil War reenactment; poet Tony Schanz; a New England Brass Quintet concert; busy morning quilting classes.

Shifting into a higher gear which the increased usage of the new area has demanded has been a challenge. The librarian and trustees see clearly the need to expand our collection, program and hours, but are acutely aware of the tax burden on the townspeople. Our current budget reflects efforts to minimize the impact that fully equipping our new library could mean. Starting in February 1991, the library was opened on Monday evenings in response to patron request. Juggling schedules and the volunteer efforts of Sylvia Witherell and Edith Gimpel have allowed this without increasing paid hours. This year, because the 1990 census puts the town population over 3000, we will be required to increase open hours to at least 27 per week to meet the minimum Associate Library status criteria necessary to receive services from the state library. We now own a modem for the computer, enabling us to become a part of the New Hampshire State Library's automated services.

We continually realize the value of library supporters. The rebirth of a Friends of the Library group is an encouraging asset. The generosity of Judith Soule has enabled us to take a step into the world of automation with our computer. As spring flowers emerge, we will all enjoy the efforts of Maria LaGuardia who planned, prepared and planted the flower beds.

We thank the townspeople of Ossipee for the trust placed in us as we undertook a monumental building expansion project. And, we thank Librarian Ruby Pearson and her library staff for their perseverance and dedication.

# REPORT OF OSSIPEE POLICE DEPARTMENT

## Annual Report 1990

Overall this was a good year for the police dept.

There were fewer accidents reported this year. There were also fewer fatal accidents and the amount of serious injuries were less.

DWI and possession of alcohol by under age people were up. The amount of juveniles handled by the dept. tripled this year over last. Most other statistics remained at approximately the same level as last year.

We continue to take steps towards liability reduction through training. Sgt. Morgan was certified as an instructor in areas of firearms and defensive tactics, two major areas of liability. Sgt. Morgan and Officer Grow are both certified intoxilyzer operators. Officers Grow and French attended a week long training seminar for abuse and neglect investigations. We received a significant number of these reports every year. These investigations are always time consuming, complicated, and extremely sensitive and should be handled by someone with special training. Various other classes and recertifications were also attended.

In light of the current economic picture I'm happy to report that the 1990 budget was underexpended by approximately \$5700. We also took in approximately \$3400 in revenue resulting in over \$9000 turned back to the town.

## SELECTMEN'S YEARLY REVIEW

Looking back over the year of 1990 we would like to take this opportunity to thank the people of Ossipee for their continued support.

The widening and paving of Mass. Ave. was completed this year. Repairs to the bridge on Chapel Road were also completed.

Our Recreation Department underwent big changes this year. We would like to take this opportunity to thank Wallace "Curly" Nudd for his many years of service to the Town and wish him well in his new job. With the resignation of "Curly" we hired Marianne Blake as our new Recreation Director. She has already implemented many new programs in the department. The YMCA Ballfield was purchased by the Town last year.

The construction work done at the Mill Pond area has been successfully completed.

The Town felt a great loss with the death of one of its employees. Keith Brownell was an asset to the Highway Department and will be missed by all of us.

We look forward to serving the community for the upcoming year.

BOARD OF SELECTMEN

## OSSIPEE RECREATION DEPARTMENT 1990

Since accepting the position of Director of Recreation, in late November, I have been busy organizing and implementing various activities. Logging an average over fifty (50) hours a week, I have met with area Recreation Directors and YMCA officials to gather information and pool resources, which will enable me to provide this community with a variety of programs to include all ages. During the first month of my appointment, the following programs have begun: 5th and 6th Grade Boys Basketball, 5th and 6th Grade Girls Basketball, 4th Grade instructional Basketball, 7th - 12th Grade Boys Basketball, Cheerleading, Pep Squad, Public Skating, Elementary Skating (Readiness - 6), PeeWee Hockey, Elementary School Dances, High School Dances, Karate, Aerobics and Co-Ed 7th - 12th Grade Volleyball. Activities slated for future months are: Men's Basketball, Co-Ed Adult Volleyball, Adult Dances, Senior Citizen Walking Clinic and Line Dancing, Gymnastics, Squeaky Sneakers, Teen Night, "Faculty" Basketball Game, Co-Ed 7th - 12th Floor Hockey, Elementary Madness and much more to follow in the Spring and Summer months.

As of this writing, the Town of Ossipee has recently hired an Assistant for the Recreation Department. 1991 promises to be an exciting year with a lot of new opportunities coming your way!!

I would like to extend a special thank you to all the coaches, instructors, and supportive volunteers that have given their time, and shared their talents for the betterment of the community.

Any questions or suggestions are welcome.

MARIANNE BLAKE  
Director of Recreation

## **OSSIPEE LAKE BEACH COMMITTEE**

### **Annual Report 1990**

Dear Selectman and Ossipee Residents:

The Beach Committee has been very active during the past year and we have very important news to report to the Town. During the year the Committee pursued development of a town beach on Ossipee Lake off Hodgdon Road next to the Nevin's camp on property leased to the Town from the State at the mouth of the Pine River. This parcel would require extensive work to achieve a permitted access across wetlands. After much work the Committee submitted a proposal to Wilbur Lepage, Director, N.H. Department of Resources and Economic Development, Division of Parks and Recreation. He denied the proposal due to wetlands disturbance problems, but asked if we would instead be interested in developing access to and operating a beach on Ossipee Lake at Ossipee Lake State Park across the Pine River on the 2000 ft. Lone Pine Beach.

My joy was beyond expression. Joe Quinn, Director of the Office of Recreation Services indicated that one reason the offer was extended was due to the excellent work done by the Committee on the Land and Water Grant at Constitution Park off Long Sands Road. The State will assist by restoring the Heath Bog trails across Rt. 25 and constructing interpretative trails through the State Park.

The Committee is developing a plan to be submitted to the State for access off Route 25 to the Lone Pine Beach. We have engaged the assistance of the federal RC&D Coordinator, Rick Demark from the North Country Resource Conservation and Development Area. He will provide technical assistance for developing an environmentally sound plan which will be submitted to the Selectmen for their endorsement and then forwarded to the State for approval. This process will take a year or two to complete. The Committee feels that most of the expense for construction can be acquired through grants and donation of materials and services.

Long time Ossipee resident Walter White is to be commended for his fore-sightedness years ago when he inspired the inception of Ossipee Lake State Park. Without his efforts then, this project for a public beach on Ossipee Lake would never have been possible. The Committee would like to thank Walter and his son Richard White for their information and assistance.

The Committee continued Development of the Conservation Area at LONG SANDS CONSTITUTION PARK constructing nearly two miles of walking trails thru the Park. With the assistance of TRAILWRIGHTS, INC. whose 30 plus members worked two long hot days of blazing two trails to the top of both hills in the Park. Their instruction of environmentally sound techniques in trail building and maintenance will benefit the Town for years to come. This spring we plan to develop and conduct en-

vironmental workshops for students in the Town showing the geology, topography, flora and fauna of the Conservation Area.

The \$25,000 Land and Water Grant funds acquired by the Committee last year should be available for this year's building season. The lack of availability of this funding slowed but has not abated either the desire or determination of the Committee to provide access to Ossipee Lake for our towns people. The benefit to Ossipee of the ownership transfer of the Ossipee Lake Dam to the State and the necessity of the area towns to provide lake access, greatly enhance the prospects for added support of the Committee's work on Ossipee Lake. We look forward to this summer's activities as we put Earth Day activities into daily practice here in Ossipee.

The Committee has a continuing need for VOLUNTEER technical and physical assistance in completing these projects at no cost to the taxpayer. I WOULD LIKE TO THANK THE COMMITTEE AND OUR SUPPORTERS FOR YOUR INSPIRATION AND STEADFAST SUPPORT DURING THE PAST YEAR.

I look forward to working with you in the future.

RICK COGSWELL  
Chairman,  
Ossipee Lake Beach Committee

Serving Coos, Carroll & Grafton Counties -

To The Ossipee Selectmen and Residents of Ossipee:

Community Action Program (C.A.P.) is a non-profit agency providing a needed service to Ossipee, primarily in the area of Outreach - Fuel Assistance - Weatherization - Fema - Homeless - Headstart - GED & ATP and numerous other services.

**OUTREACH:** Outreach covers many areas of need in the community assisting people with information linking people with services that are available to them, working with all Social Agencies in Carroll County on behalf of Ossipee residents. Outreach problems of the area have increased greatly with the economic condition of the country and local area.

**FUEL ASSISTANCE:** Fuel Assistance is a growing concern of the Northeast area and Ossipee is no exception. During the past fuel year \$94,160.00 was spent in Ossipee to assist with high fuel bills.

**WEATHERIZATION:** Weatherization program continues to weatherize homes in Ossipee, also repairing and or replacing heating systems. This year \$14,983.10 was spent in Ossipee to help make homes safer and more efficient to heat.

**FEMA/HOMELESS:** Fema and Homeless funds are used to help families facing eviction; electric disconnects or food. This past year a total of \$9,363.63 was provided to Ossipee residents needing assistance.

**USDA FOOD:** Ossipee received USDA FOOD for 3 distributions, 2 food pantries and the local Christmas baskets this past year.

**HEADSTART:** Ossipee Headstart Program has just completed 26 years of continuing service to 4 year olds. Ossipee's Headstart Program has benefited many local children and is a credit to Ossipee.

**GED/ATP:** C.A.P. Continues to provide the Adult education and Adult Tutorial Program for Carroll County. This program continues to grow as the area grows.

The Community Action Program wishes to thank the Ossipee residents and voters for their support during the past year, which made it possible for our agency to service some of the needs of Ossipee.

Sincerely,  
MARGIE W. VACCA  
BELINDA W. CULLEN

## THE CENTER OF HOPE

### **To the Citizens of Ossipee:**

The Board of Directors of The Center of Hope, Inc./Area Agency - Region XI has made the decision not to request financial support on behalf of our transportation program for 1991. This decision is made with acknowledgment of the strong support for our program over the years, as well as the current economy.

The Town of Ossipee has been very generous, helping us to provide transportation to jobs, community services and friends. Our commitment to transportation services continues. We will work to offset the lack of Town funds in 1991 through fund raising and economies in other areas of Agency operation which will not affect services.

We thank you, once again, for your past assistance and hope that any future request for Town support would be considered.

Sincerely  
PETER BLUE  
Executive Director

## OSSIPEE PLANNING BOARD 1990 ANNUAL REPORT

1990 was a busy year for the Ossipee Planning Board, a volunteer group of citizens interested in Ossipee's planning and growth. Accomplishments included the drafting of site plan review provisions (currently under legal counsel's review), the revision of zoning amendments after last year's town meeting, traffic counts of many Ossipee town roads done by Lakes Region Planning Commission with results to be available in early 1991, and the initiation of the Master Plan review with LRPC to be done in 1991.

The Planning Board meets every Tuesday (and many Monday nights) at the Ossipee Town Hall. They reviewed and approved 5 subdivisions and 8 boundary line adjustments through the year. And also managed to spend an inordinate amount of time on the proposed Folsom Brook Subdivision, reviewing plans and documents and the lack thereof.

Planning Board members attended conferences, lectures, workshops, and law series classes on building codes, soils and wetlands, performance bonds, solid waste management, municipal highways, small business growth, revegetation of gravel pits, and more. Members also conducted on-site inspections when necessary. Ossipee taxpayers appropriated \$14,835 for the Planning Board's expenses for 1990 and the Ossipee Planning Board expenditures were \$12,947.12. The Ossipee Planning Board's receivables (from fees etc.) were \$12,816.86! Good fiscal planning - the 3rd consecutive year the Ossipee Planning Board has been under budget!

The Ossipee Planning Board would like to encourage more people to take an interest in our town's government. The Planning Board could be greatly enhanced by the participation of town residents, particularly those with experience in planning or conservation, or those with a genuine interest in community affairs. We need new people to help (full-time or part-time) on committees participating in the upcoming Master Plan review. To volunteer or to help in any way, contact any Planning Board member.

Respectfully submitted.

## OSSIPEE CONSERVATION COMMISSION ANNUAL REPORT - 1990

The Ossipee Conservation Commission functioned this year under the leadership of Peter Olkkola, Chairman, and Frank Hammond, Vice-Chairman. A total of 8 Dredge and Fill Applications were processed through the New Hampshire Wetlands Board.

At the 1990 town meeting, the town voted to authorize the Conservation Commission to establish a Conservation Fund, to be administered by the Commission, for the purpose of receiving any gifts of money pursuant to RSA 36-A:4 and 36-A:5.

The project of indexing all town-owned properties was completed. At the request of the Selectmen, recommendations were made of properties that might be put up for sale or auction.

A joint meeting was held in March with the Zoning Board of Adjustment to discuss procedures for implementing the new wetlands amendment to the Zoning Ordinance.

Discussion has been held during the year concerning possible projects relating to the town forest, but no action has been taken. Suggestions from the public would be appreciated.

In June, the Ossipee Conservation Commission held a cookout at Wolveshead Farm to which we invited members of the conservation commissions of adjoining towns. Representatives attended from Brookfield, Effingham, Madison, Tamworth, Tuftonboro, and Wakefield. The speaker on this occasion was Marjory Swope, Executive Director of the New Hampshire Association of Conservation Commissions.

The Conservation Commission meets on the second Wednesday of each month at 7:30 p.m. at the Town Hall in Center Ossipee. All meetings are open to the public and your participation is appreciated.

Our appreciation is extended to those people who, during 1990, served our community through the Conservation Commission.

## **ZONING BOARD OF ADJUSTMENT ANNUAL REPORT - 1990**

The Zoning Board of Adjustment functioned this year under the leadership of Mark McConkey, Chairman, and Robert Burton, Vice-chairman.

Twelve public hearings were held for variances or special exceptions. Of these, four were approved, five were denied, and three, for various reasons, resulted in other types of decisions.

Two of the above hearings involved manufactured homes. Furthermore, the 1989 special exception granted to the Northern New Hampshire Housing Cooperative, in regard to Folsom Brook, was withdrawn. This also involved the issue of manufactured homes.

A joint meeting was held in March with the Conservation Commission to discuss procedures for implementing the new wetlands amendment to the Zoning Ordinance.

Our appreciation is extended to those people who, during 1990, served our community on the Zoning Board of Adjustment.

## ANIMAL CONTROL 1990

Since this is my first full year as your Animal Control Officer it is difficult for me to determine with total accuracy whether this has indeed been a busy year for dog problems in the Town of Ossipee. But it has certainly seemed busy to me. During 1990 I travelled 5,412 miles, responded to 190 telephone calls, impounded 59 dogs, followed legal procedure in 9 dog bite cases, picked up 8 dead dogs on the highways and attended 4 Court hearings.

In reference to the above, 30 of the impounded dogs were taken to the N.H. Humane Society in Laconia and only two of these were claimed by their owners. The other 29 dogs were claimed by their owners and picked up by them before having to be transported to Laconia. The majority of the complaints to me continues to be dogs running at large, dogs barking so as to disturb the peace and dogs not receiving proper care, i.e. tied outside for extended periods of time without shelter.

Again let me emphasize, THERE IS A TOWN LEASH LAW. Your dog may not leave your property unless accompanied by you and under your control. YOUR DOG MUST HAVE AN UP TO DATE RABIES SHOT. The rabies shot is good for three years ONLY if your dog was more than one year old when the vaccine was given. If your dog bites someone and has not had the required rabies vaccine, the dog MUST be impounded at the N.H. Humane Society in Laconia for a period of ten days from the date of the bite. A rabies shot is required by law for all dogs three months of age and older. The Ossipee Concerned Citizens organization sponsors a Rabies Clinic at the Ossipee Town Hall every spring. This clinic is run by the Kindness Animal Hospital of Ossipee. The cost of the vaccine at this clinic is considerably cheaper than it would be at the office of your veterinarian. Please watch for the date and time of this Clinic in your local newspapers.

The Humane Society in Laconia continues to be responsible for all Ossipee Stray Dogs. The shelter is open every day except Sundays and Holidays from 10:00 AM to 5:00 PM. The number there is 1-524-3252. As your Animal Control Officer, however, I do keep dogs at the Ossipee Dog Holding Facility for a couple of days in the hope that you can get your dog home sooner. I can be reached by calling the Sheriff's Office in Ossipee. Your dog must be licensed at 3 months of age and by April 30 of each year.

Although my prime responsibilities are with dogs, I have also been involved in three situations of horses running loose, one cow problem and one pig trapped in a child's wading pool! The pig did manage to get out of the pool before my assistance was needed. There were also two episodes of dogs killing sheep and one instance of dogs killing chickens. These are the problems which can occur when you allow your dog

to run loose upon the property of others. These farm animals are confined within enclosures and are totally defenseless against attacks by loose dogs. Rabbits have also been killed by wandering dogs. If you have concerns about animals please do let me know. And again I reassure you that ALL your complaints remain confidential. If you see or have a stray dog please tell me and again this information is confidential. I cannot, obviously, always respond immediately to your reports and I very much appreciate the help of those who have been willing to restrain stray dogs on their property, thus keeping them safe until I can come and pick them up.

I continue to very much enjoy being your Animal Control Officer. I do care about you and your animals and I try to be helpful to you both. But I do need your help in order to do what is best and right for the dogs in Ossipee. And my job would be impossible without the support and help of the Town Officers, the Osispee Police Dept., the Sheriff's Office, the Ossipee Sanitation Dept., the Town and State Highways Crews and Troop E. My very appreciative thanks to them all.

Respectfully submitted,

## **OSSIPEE CONCERNED CITIZENS, INC.**

To the Selectmen and residents of the Town of Ossipee, Ossipee Concerned Citizens submits its annual report for 1990.

Our elderly meals programs provided 30,622 nutritious noon-time meals in 1990. Twenty one thousand one hundred thirty-one (21,131) Home Delivered Meals and nine thousand five hundred thirty-one (9,531) Congregate Meals. Twelve thousand three hundred (12,300) Home Delivered Meals were served to sixty-seven (67) residents of Ossipee. Eight thousand nine hundred (8,900) Congregate meals were served at the Ossipee site and six hundred thirty-one (631) Congregate Meals were served at the Tamworth site. Thirty-three volunteers drove twenty nine thousand six hundred fifty-nine (29,659) miles to deliver meals to residents of Ossipee, Effingham, Tamworth and Freedom. To those of you who volunteered we offer a sincere Thank-You. To those of you who would like to volunteer your services we offer you a sincere invitation to contact us.

Congregate Meals are served Monday through Friday at noon at the Senior Center on Dore St. These meals are available to area residents age 60 and over. Home-Delivered Meals are available to elderly or handicapped individuals. Following the Congregate Meal on the third Thursday of every month, Sandy Montgomery of the Wolfeboro VNA is available to take blood pressures. The VNA also provides Flu shot and other health screening clinics at the center periodically throughout the year. Recreational bowling trips to Strike & Spare Lanes are provided twice a month, these and other recreational trips which occur on a monthly basis, are available to all seniors.

The Carroll County WIC Program provides health screening, nutritional counseling and food vouchers to eligible pregnant women, nursing mothers, infants and children to age five who reside in Carroll County. In February of 1990 the WIC program had a record total of 924 persons enrolled. This figure represents both WIC and CSFP clients. CSFP clients are those WIC eligible participants who fall within a lower priority than is required to receive vouchers. This figure varies monthly depending on numbers enrolled and monies available from USDA. CSFP participants receive commodity foods in place of vouchers. These commodity foods are provided to the state from USDA and are picked up each month in Concord and distributed at the local clinics. The average number of clients receiving WIC services at the Ossipee site during 1990 was 230.

A new project designed to provide warm winter outerwear for local children, was the brain child of Ann Littlefield of Ossipee Cleaners. Ann and her staff at both the Ossipee and Wolfeboro stores cleaned over 200 jackets, coats, etc. which were then distributed at the OCC building and through the schools. This project named Operation Polar Bear is designed to be an annual occurrence. Thank-you to all who contributed. To the many organizations, churches, businesses and individuals

who helped make Christmas 1990 a reality for 220 children in 96 households we and they express our sincere gratitude. A special thank-you to the Rotary, VFW, Ossipee Police Dept. and Cribbage players.

The feasibility study is completed and application made to purchase Ossipee Crossings for the Ossipee Senior Center Expansion and Children's Day Care Center. Grants will be awarded in April by the Office of State Planning. Our hopes are high.

To all who worked with us and helped make both our July Fair and Christmas Fairs the best ever, we look forward to next year knowing it couldn't be done without you.

The Board of Directors and Staff of OCC would like to take this opportunity to express our appreciation to the residents of the town for all the support provided to our agency over the past years.

Respectfully submitted

Executive Director

## OSSIPEE WATER AND SEWER DEPARTMENT 1990 TOWN REPORT

To our Board of Selectmen & Citizens of Ossipee

The winter of 1990 was kind as only a few freeze-ups were experienced as the Dept. has changed several services over the past few years, the results been welcomed.

The Spring and Summer became another matter entirely with leaks developing in our sewer mains in three or four locations causing excess flows and increased electrical pumping costs. Much effort was used in locating and repairing the leaks and by the end of June flows were back to normal.

Revenues have come in quite well over the year, however, the costs of operation have increased. Due to this increase cost the Dept. had to withdraw reserves from Certification of Deposits in amounts of \$20,000 leaving a small balance for emergency use. We didn't borrow monies but now have used most of our saved reserves.

Plans for a considerable rate increase as well as a rate Structure change is being worked on for early implementation in 1991.

Also due to operation costs, the Dept. has reduced its work force by one full time employee in October and lowered weekly hours for our part time employees. We have not had to operate in the red but close to it and by the end of year balances were at zero.

The employees, this year, have been able to work without any serious injuries or long time illness and for this we are grateful.

In failing economy, we have been able to maintain, however, you should know that without a rate increase in 1991 our Dept. faces severe service cut backs.

Environmental Protection Agency, who administers the Safe Drinking Water Act, has placed some strong mandates on the State of N.H. water supplies and municipalities these demands are being addressed.

1990 has been a very busy year and for those who supported our task we Thank You.

Office of the Superintendent  
ROLAND C. STOCKBRIDGE

## OSSIPEE RESCUE SQUAD 1990

To the Selectmen and Citizens of Ossipee

The Ossipee Rescue Squad has had a very good year with regards to training, personnel and number of calls. This past June we had four new members complete the National Registry EMT-Basic course which required over 120 hours of intense classroom and practical field work to become certified. I commend all of those new members for their dedication to the volunteer spirit of the Ossipee Rescue Squad in our continuing efforts to provide the Town of Ossipee with the most up to date training in the emergency medical field.

The Ossipee Rescue Squad now has 13 members which is an increase of two people over last year and numerous other applications before us. The volunteer spirit is still alive and well.

With our sluggish economy this past year, we saw a decrease in our rescue calls from 244 runs in 1989 to 174 runs in 1990. These figures represent significant decreases in all categories of medical emergencies except for the bomb threat category which increased by one.

Once again I would like to take this opportunity to thank all of my fellow squad members for their selfless dedication and the citizens of Ossipee for their continued support throughout the year. I am proud to be affiliated with one of the most professional organizations that I have ever been involved with.

Respectfully submitted,  
WAYNE K. ALESKA  
Captain, Ossipee Rescue Squad

# REPORT OF THE TOWN FOREST FIRE DEPARTMENT

## 1990 ANNUAL REPORT

1990 was the year the Ossipee Forest Fire Department came to be a notable forest fire service within the State as well as the District.

Over the past four years this Department, the Warden and Deputies, have received and conducted training town wide, tools and equipment have been reviewed, updated and maintained in a ready condition. The Department and Town Fire Plans were updated. I'm pleased to report that our fire plan has been made available for distribution throughout the State by the Division of Forest and Lands, Forest Protection Branch for other Towns to use as a guide for setting up a Town Fire Plan. Our Firefighters received high marks when called to provide their services and skills in fire suppression on Mount Belknap and Red Hill.

Town fire activities this year were centered around unlawful burning practices, burning outside the prescribed time of 5pm to 9am, carelessness with incinerators, and leaving a fire unattended. These fires all ended with the responsible person receiving a bill for the cost of extinguishment. The number of fire calls was up from last year. The burned acreage was kept down because of an active Town wide fire prevention program, and not just restricted to the forestry dept., for this I thank you all.

The 1990 training for the Wardens and Deputies was the "Incident Command System" (ICS) that the N.H. Forest Fire Service adopted as of January 1, 1990. In the early spring town wide training using ICS was given to the Fire Precincts. Again this year a member of this department was a member of the State Western Firefighting Crew that fought fires in Oregon.

On a sad note. The Town along with the department lost a great deal with the passing of Russell Whiting, Sr. A Deputy Warden for over 14 years for Ossipee. His time and assistance is greatly missed.

I am very proud of the Ossipee Forest Fire Department, the Deputies, and Firefighters from our fire precincts, and very appreciative of the support from the community. The Forestry Department has worked hard to build an effective wildfire prevention and suppression organization. The job is not over by a long shot. It is a continuous project that involves all of us.

REMEMBER ONLY YOU CAN PREVENT FOREST FIRES.

# REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

During Calendar Year 1990, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without a fire permit from the Forest Fire Warden, permit fires that escaped control and rekindled fires. All of these fires are preventable, but **ONLY** with your help.

Please help your town and state forest fire officials with forest fire prevention. New Hampshire State Law (RSA 224:27 II) requires that, "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done."

Violations of RSA 224:27 II and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$1,000 and/or a year in jail and you are also liable for all fire suppression costs.

The State of New Hampshire, Division of Forests and Lands assisted many towns in wildland fire suppression during 1990, including a 262 acre fire in Moultonboro and several fires in Hooksett.

In 1990, the New Hampshire division of Forests and Lands trained 844 local Wardens and Deputy Wardens in the Incident Command System (ICS), an incident management system for all types of emergencies. In 1991, Wardens will be trained in the use of Class A foam in wildfire suppression.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Forest Ranger, or the Division of Forests and Lands at 271-2217.
